Enjoy music. Listen to lectures on Serpent Mound's long history & prehistory. Watch a lecture on rarely seen nature or paranormal aspects of the area. Participate in an Interactive Raptor Program, numerous workshops on various topics, a tour to the crater rim, or take a kayak float on the Ohio Brush Creek. New this year, is a small Summer Games Area, fun for the whole family. We will close the festival with an Open Community Drumming, so bring your hand drum and join in!
